Liberty's Inventory Services is an on-site consigned inventory management program for all your offices, providing the products that are key to YOUR operation! We manage this through a web portal with minimum and maximum sku's, this ensures that

you never run out of stock of any of your day-to-day installation materials. This service will help reduce procurement and carrying cost associated with your inventory while increasing operational efficiency and increasing productivity.

THOUSANDS OF PRODUCTS AT YOUR FINGERTIPS

THE PROGRAM

- Pay only when you consume the materials
- On-site consigned inventory management program for day-to-day installation materials. Inventory is actually on site, not "virtual" at some unknown vendor warehouse.
- Dedicated LIS Service Coordinator and redundant back-up.
- Live webinar demonstration available.
- Open to the entire catalog of Liberty's products including custom cable, install kits, assemblies, connectors, racks, devices, fiber and more!
- Initial launch package includes an estimated two months supply.
- Automated monthly replenishment of inventory with FREE surface freight. (Racks excluded)
- Liberty provides on-site training synchronized with initial delivery.

THE SYSTEM:

- Based on a stand-alone web-portal based system that does not need to directly tie in to dealer's business enterprise system.
- Does not constitute a security threat and is simple to maintain and install.
- Customizable to accommodate different varieties of business methods and systems.
- Product is easily checked in and out with bar code scan gun.
