P10A-15P-C13

VALUE

ECONOMY POWER CORD 10 AMP 5-15 PLUG TO IEC C13 RECEPTACLE

- Ideal for cord management in racks and cabinets
- 18 AWG copper conductors
- 125 Volt, 10 Amp rated SJT Cable
- NEMA 5-15 Plug to IEC 320 C13 Receptacle
- UL listed and RoHS Compliant
- Available in 1, 3, and 10 foot lengths
- Only in Black

P13A-15P-C13

VALUE

ECONOMY POWER CORD 13 AMP 5-15 PLUG TO IEC C13 RECEPTACLE

- Ideal for cord management in racks and cabinets
- 16 AWG copper conductors
- 125 Volt, 13 Amp rated SJT Cable
- NEMA 5-15 Plug to IEC 320 C13 Receptacle
- UL listed and RoHS Compliant
- Available in 1, 3, and 10 foot lengths
- Only in Black

P15A-15P-C13

VALUE

ECONOMY POWER CORD 15 AMP 5-15 PLUG TO IEC C13 RECEPTACLE

- Ideal for cord management in racks and cabinets
- 14 AWG copper conductors
- 250 Volt, 15 Amp rated SJT Cable
- NEMA 5-15 Plug to IEC 320 C13 Receptacle
- UL listed and RoHS Compliant
- Available in 1, 3, and 10 foot lengths
- Only in Black

P10A-SH-15P-C13

VALUE

ECONOMY SHIELDED POWER CORD 10 AMP 5-15 PLUG TO IEC C13 RECEPTACLE

- Ideal for EMI sensitive installations
- 18 AWG copper conductors
- 125 Volt, 10 Amp rated SJT shielded Cable
- NEMA 5-15 Plug to IEC 320 C13 Receptacle
- UL listed and RoHS Compliant
- Available in 6 and 12 foot lengths
- Only in Black

P10A-15R-C14

VALUE

ECONOMY POWER CORD 10 AMP 5-15 RECEPTACLE TO IEC C14 PLUG

- Ideal for cord management in racks and cabinets
- 18 AWG copper conductors
- 125 Volt, 10 Amp rated SJT Cable
- NEMA 5-15 Receptacle to IEC 320 C14 Plug
- UL listed and RoHS Compliant
- Available in 1 and 6 foot lengths
- Only in Black

P10A-A115P-C7

VALUE

ECONOMY POWER CORD 10 AMP 1-15 PLUG TO IEC C7 RECEPTACLE

- Excellent appliance replacement cord in racks and cabinets
- 18 AWG copper conductors
- 125 Volt, 10 Amp rated SJT Cable
- NEMA 1-15 Plug to IEC 320 C7 Receptacle
- UL listed and RoHS Compliant
- Available in 3 and 10 foot lengths
- Only in Black

P10A-C13-C14

VALUE

ECONOMY POWER EXTENSION CORD 10 AMP IEC C13 RECEPTACLE TO IEC C14 PLUG

- Ideal to extend existing NEMA 5-15P to C13 cords
- 18 AWG copper conductors
- 125 Volt, 10 Amp rated SJT Cable
- IEC 320 C13 Receptacle to IEC 320 C14 Plug
- UL listed and RoHS Compliant
- Available in 3, 6, and 12 foot lengths
- Only in Black

P13A-C13-C14

VALUE

ECONOMY POWER EXTENSION CORD 13 AMP IEC C13 RECEPTACLE TO IEC C14 PLUG

- Ideal to extend existing NEMA 5-15P to C13 cords
- 16 AWG copper conductors
- 125 Volt, 13 Amp rated SJT Cable
- IEC 320 C13 Receptacle to IEC 320 C14 Plug
- UL listed and RoHS Compliant
- Available in 3, 6, and 10 foot lengths
- Only in Black

P15A-C13-C14

VALUE

ECONOMY POWER EXTENSION CORD 15 AMP IEC C13 RECEPTACLE TO IEC C14 PLUG

- Ideal to extend existing NEMA 5-15P to C13 cords
- 14 AWG copper conductors
- 250 Volt, 15 Amp rated SJT Cable
- IEC 320 C13 Receptacle to IEC 320 C14 Plug
- UL listed and RoHS Compliant
- Available in 3, 6, and 12 foot lengths
- Only in Black

P13A-15P-15R

VALUE

ECONOMY POWER CORD 13 AMP 5-15 PLUG TO 5-15 RECEPTACLE

- Ideal for cord management in racks and cabinets
- 16 AWG copper conductors
- 125 Volt, 13 Amp rated SJT Cable
- NEMA 5-15 Plug to NEMA 5-15 Receptacle
- UL listed and RoHS Compliant
- Available in 1, 6, 10, 15, and 25 foot lengths
- Only in Black

P15A-15P-215R-Y

VALUE

ECONOMY POWER SPLITTER CORD 15 AMP 5-15 PLUG TO TWO 5-15 RECEPTACLES

- Ideal to add a second power receptacle in a corded environment
- 14 AWG copper conductors
- 250 Volt, 15 Amp rated SJT Cable
- NEMA 5-15 Plug to two NEMA 5-15 Receptacles
- UL listed and RoHS Compliant
- 14 inches long
- Only in Black

P006

BEST

TRIPPLITE POWER CORD 10 AMP 5-15 PLUG TO IEC C13 RECEPTACLE

- Ideal for cord management in racks and cabinets
- 18 AWG copper conductors
- 125 Volt, 10 Amp rated SJT Cable
- NEMA 5-15 Plug to IEC 320 C13 Receptacle
- UL listed and RoHS Compliant
- Available in 1, 2, 3, 4, 6, 10, 15 and 25 foot lengths
- Only in Black

P007

BEST

TRIPPLITE POWER CORD 15 AMP 5-15 PLUG TO IEC C13 RECEPTACLE

- 14 AWG copper conductors
- 250 Volt, 15 Amp rated SJT Cable
- NEMA 5-15 Plug to IEC 320 C13 Receptacle
- UL listed and RoHS Compliant
- Available in 2, 3, 6 10 and 12 foot lengths
- Only in Black

P002

BEST

TRIPPLITE POWER CORD 10 AMP 5-15 RECEPTACLE TO IEC C14 PLUG

- Ideal for cord management in racks and cabinets
- 18 AWG copper conductors
- 125 Volt, 10 Amp rated SJT Cable
- NEMA 5-15 Receptacle to IEC 320 C14 Plug
- UL listed and RoHS Compliant
- Available in 1 and 2 foot lengths
- Only in Black

P004

BEST

TRIPPLITE POWER EXTENSION CORD 10 AMP IEC C13 RECEPTACLE TO IEC C14 PLUG

- Ideal to extend existing NEMA 5-15P to C13 cords
- 18 AWG copper conductors
- 125 Volt, 10 Amp rated SJT Cable
- IEC 320 C13 Receptacle to IEC 320 C14 Plug
- UL listed and RoHS Compliant
- Available in 1, 2, 3, 4, 6, 8, 10 and 15 foot lengths
- Only in Black

P005

BEST

TRIPPLITE POWER EXTENSION CORD 15 AMP IEC C13 RECEPTACLE TO IEC C14 PLUG

- Ideal to extend existing NEMA 5-15P to C13 cords
- 14 AWG copper conductors
- 250 Volt, 15 Amp rated SJT Cable
- IEC 320 C13 Receptacle to IEC 320 C14 Plug
- UL listed and RoHS Compliant
- Available in 2, 6, and 10 foot lengths
- Only in Black

P022

BEST

TRIPPLITE POWER CORD 10 AMP 5-15 PLUG TO 5-15 RECEPTACLE

- Ideal for cord management in racks and cabinets
- 18 AWG copper conductors
- 125 Volt, 10 Amp rated SJT Cable
- NEMA 5-15 Plug to NEMA 5-15 Receptacle
- UL listed and RoHS Compliant
- Available in 1, 15, and 25 foot lengths
- Only in Black

P036

BEST

TRIPPLITE POWER EXTENSION CORD 20 AMP IEC C19 RECEPTACLE TO IEC C20 PLUG

- Ideal for heavy duty server power extension
- 12 AWG copper conductors
- 250 Volt, 20 Amp rated SJT Cable
- IEC 320 C19 Receptacle to IEC 320 C20 Plug
- UL listed and RoHS Compliant
- Available in 2, 6, and 10 foot lengths
- Only in Black
