

LIBERTY INVENTORY SERVICES (LIS)

INVENTORY MANAGEMENT, FOR TODAY AND BEYOND

As one of the largest, upfront business expenses, management of inventory expenses is often a key budgetary conversation. On-hand inventory remains a necessity... no inventory often means no invoice and no income, however this can mean overhead costs are carried for several months prior to the first customer payment ever being made.

LIS: Inventory Flexibility to Run Your Business...

Liberty Inventory Services (LIS) are designed to be flexible, built around your business demands, and save our partners' time and money. Virtually any item can be added to LIS, even the pen that signs off on the project at hand can be ordered, pulled, and invoiced from your LIS system... *now that's convenience!*

...Led by Your Experienced Business Partner...

Since 2006, Liberty has been supporting 100+ locations with consignment inventory services customized to each facility's varying needs.

... Without the Upfront Costs...

Pay for the inventory you use once the job is completed, or at pre-determined intervals for long-term projects. Only pay for what you use, with no RMAs, no hassle, and reduced labor costs!

... Plus Cool Bonus Features

LIS includes features that streamline reporting, PO generation, accounting, and job costing, and reduce manpower; LIS is truly a one-of-a-kind convenient inventory management system. Best of all? *It's free...*

FREE SERVICES INCLUDE:

- No start-up fees
- No monthly maintenance fees
- Inventory management software
- On-site training
- Customer support available to assist you

LIS BENEFITS:

- Inventory on-site
- Pay only for inventory used
- No RMAs, no excess inventory
- Auto-replenishment
- Free ground shipping
- Track inventory expenses for accounting purposes
- Eliminate multiple management systems and streamline invoicing

An unlimited breadth of product can be inventoried and stocked

- Basic warehousing necessities – J-Hooks, Cables Ties, nuts, and bolts, in addition to other install consumables. Consolidate it all.
- Inventory products you're already using from Liberty AV (wire, cable, pre-made cables, electronics, plates/panels, consumables), from your owned inventory, or from other vendors
- Backed by the support of WESCO – As a part of the WESCO family of brands, Liberty AV customers have access to over 25,000 trusted and respected suppliers and millions of products.

THREE SOLUTIONS TO MEET YOUR NEEDS

LIS offers flexible solutions that are built around the needs of your business, from the smallest daily needs to larger everyday warehousing needs.

Rolling Cart:

Light and Nimble, Potentially Portable – Solutions that Move with You

- Update to 'On-the-go inventory'
- Smaller or short-term projects

When there is no space on-hand for inventory, equipment needs to be portable from site-to-site installations, or smaller single-crate inventory projects, Rolling Cart delivers.

Project-Based:

Remote or Contract-Based

- Contract-based projects
- Extended financing of infrastructure materials
- Remote locations

Eliminates upfront inventory overhead costs for contracted projects. Expedited material shortage resolution. Delivers extended financing of infrastructure materials, perfect for purchasing for contracts where invoicing takes place 30+ days. Consolidated invoicing for the most accurate job costing. Project-Based LIS Solutions is designed to support the project at hand with minimal overhead.

Warehousing:

At the Ready, On-Hand Inventory

- Larger availability
- Supports multiple projects & regular inventory needs
- On-hand inventory

Fully stock your in-house inventory with everything your business needs. Pay for only what you use. The only stocking limitations are the ones determined by your square footage! Warehousing Inventory Services consolidate personal owned-inventory and consigned inventory into one management system, simplifying the accounting and PO application process.

2019 UPGRADED LIS FEATURES

Recent upgrades bring even more time- and money-saving features to LIS, making on-site inventory maintenance easier than ever.

- **TRACK IT ALL, NOT JUST CONSIGNED INVENTORY.** Now track owned inventory, tools, and equipment, even goods from other manufacturers
- **HAVE FULL CONTROL** over any owned inventory that can be easily uploaded via electronic file
- **A PICTURE IS WORTH A THOUSAND WORDS.** Consigned inventory is tied to Liberty AV's website to provide pictures and specs for every product
- **A SCREEN LAYOUT THAT WORKS FOR YOU.** Users see only menu options needed to streamline their workflow (controlled by user permission levels)
- **SPEED UP PO APPLICATION** with updates to the common data field in the PO entry menu.
- **SEND PO'S TO OTHER VENDORS** with an optional external PO menu you can send all your purchasing PO's through LIS
- **NEED TO ORDER AND IT'S NOT IN LIS? NO PROBLEM!** New 'Shop' tab places orders for product not stocked in LIS... all without leaving the software
- **PAST ORDERS AND ORDER STATUS** are now available within the LIS database
- **MORE REPORTING** includes a new menu that runs a multitude of reports, charts, and graphs
- **TWO-STEP APPROVALS** include a new, optional approval process available at project creation
- **UPDATED SCANNING FEATURE** delivers time-saving portability to the LIS System. Scan each product while making immediate updates using any Android device, without the need to return to a desk location. Scanners can also be provided by Liberty AV.
