## Room Instructions & Live Assistance
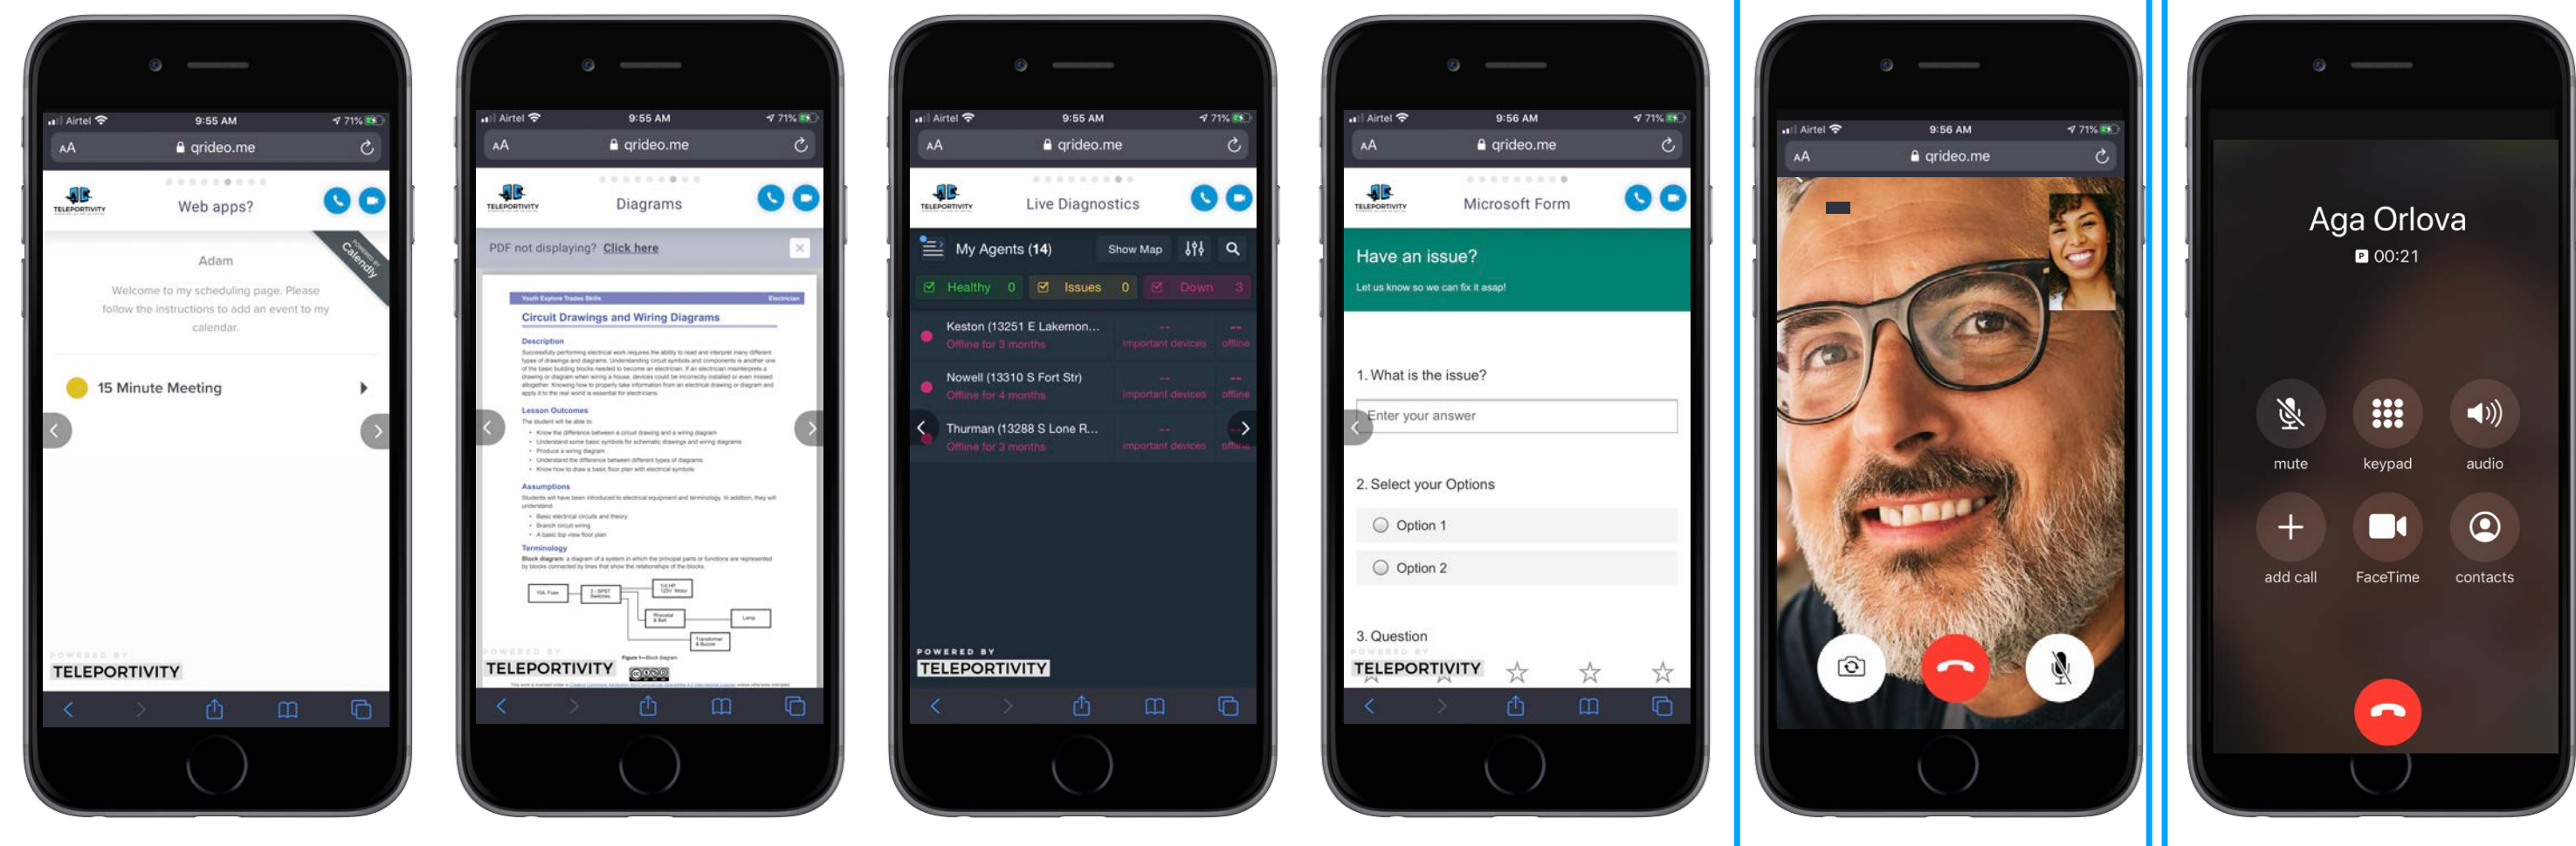

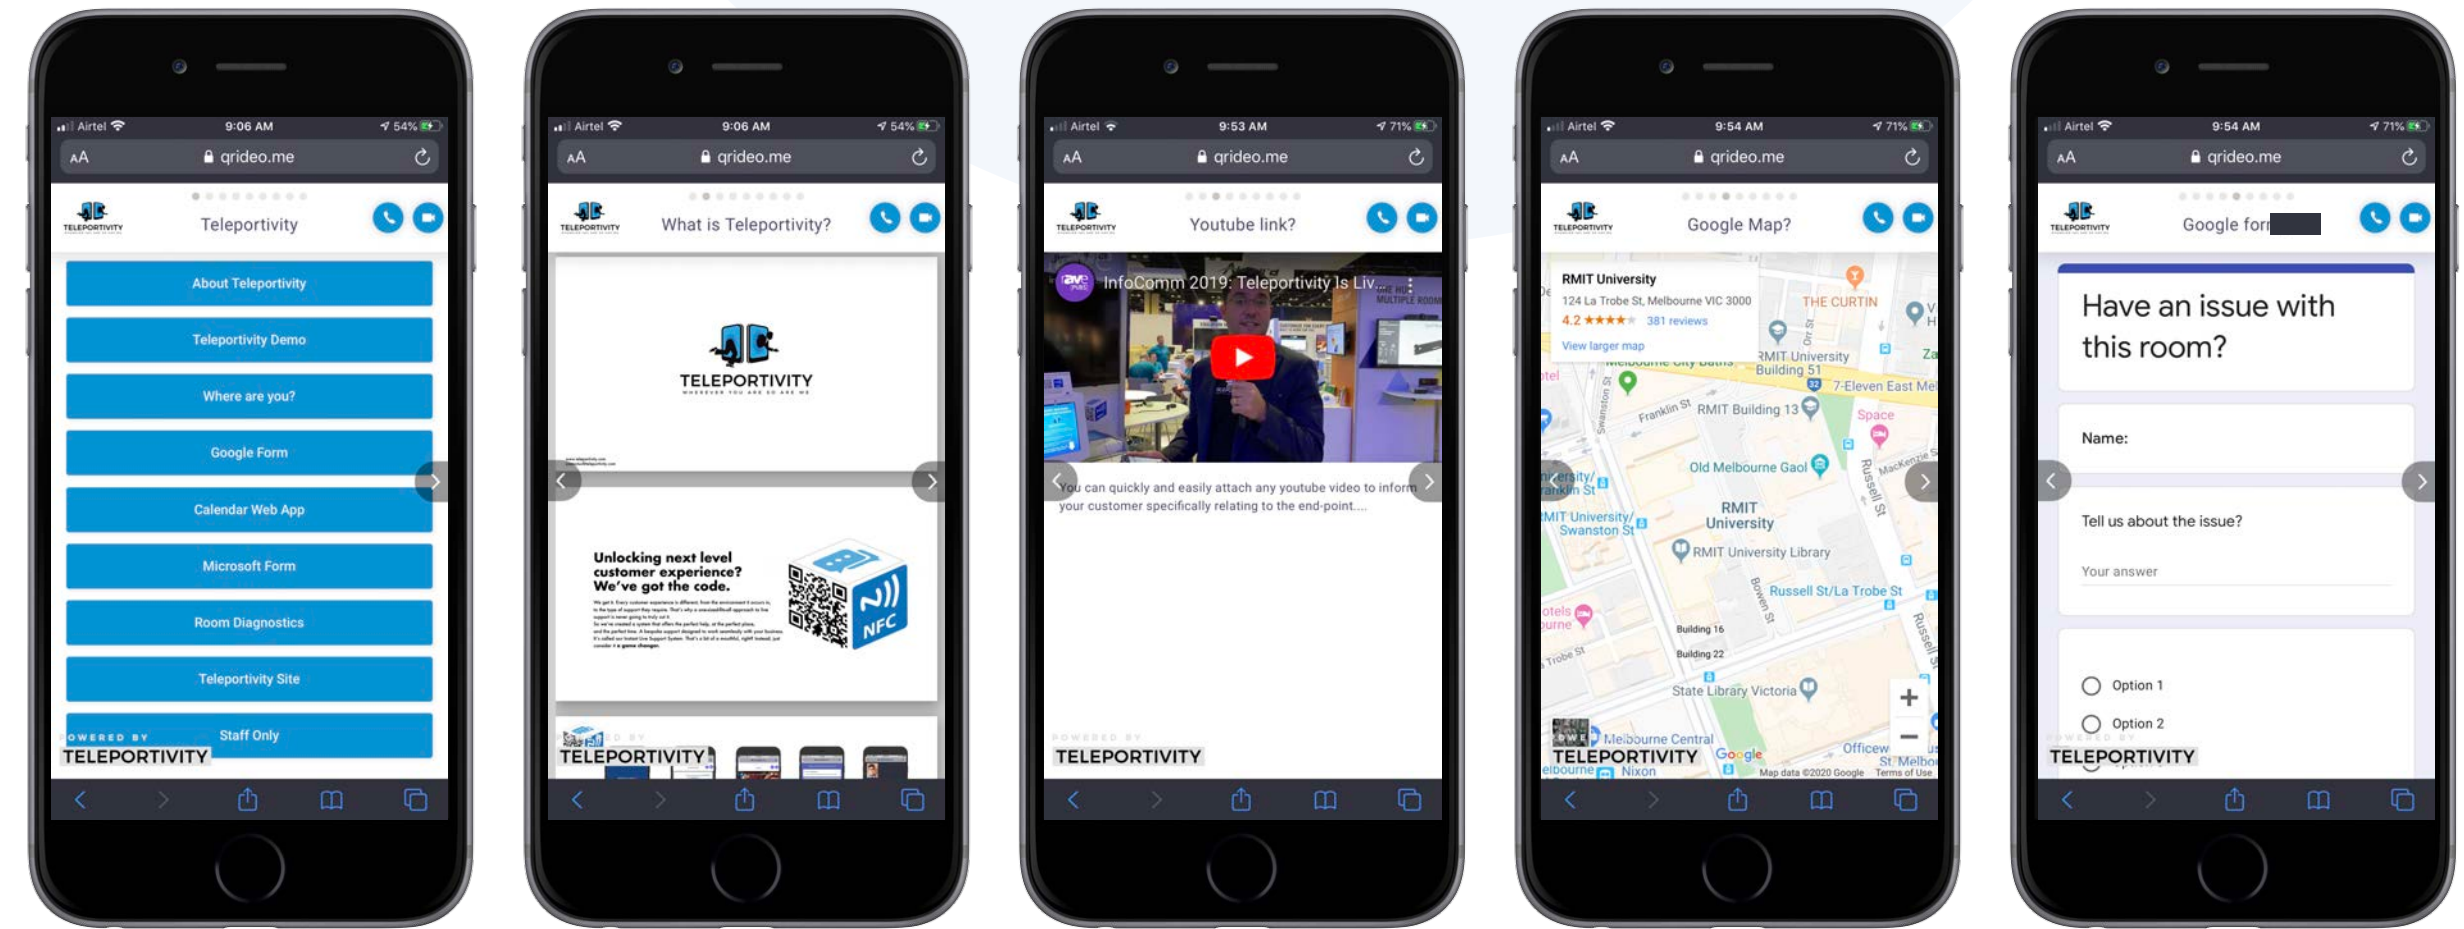

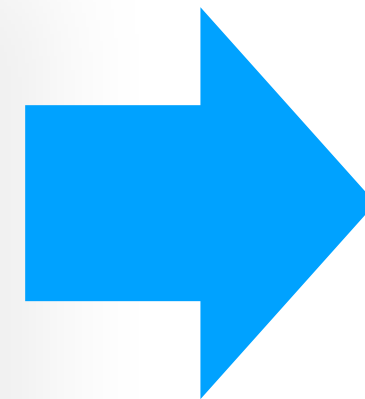

Web browser Compatibility

Safari for iOS
Chrome for Android

**NFC** ))

The Support Space uses unique QR, NFC and Web Link codes, able to be placed around any room, work space, or campus to give people instant access to live information resources, as well as optional on demand phone / voice / video support. Forget downloading any apps. Just scan through any mobile device, and you're immediately directed to a custom navigation page with all the room or issue-specific information and content you may require.

**Let us build your Support Spaces™ from start to finish. We'll send you a form to fill out, you send us your content, and we'll do everything else!**
