The Connected Campus
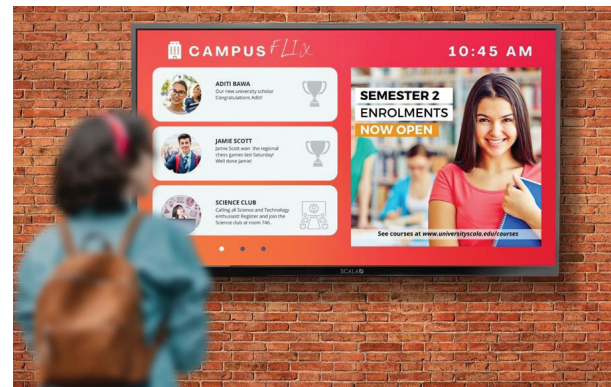

Your guide through the digital transformation

The Connected Campus

Ninety percent of colleges and universities believe they must adopt new technologies to meet the expectations of students, support modern education modalities, and attract donors. Many are apprehensive to begin a digital transformation due to the complexities, but it doesn't have to be overwhelming if you have the right partner. Liberty understands the education community and can guide you through the process.

AVoIP

Most over engineer and complicate AVoIP systems. Liberty makes it simple with simple system design, implementation, and signal routing — all without any additional appliances or programming. Plus, we provide straightforward best practices to set up your LAN or VLAN to avoid multicast storms.

- Digital signage
- Hybrid/Remote learning
- eSports
- Video walls
- Classroom presentation
- Active learning

USB

USB-C is now the standard for audio, video, power, data, and control. It's a single-wire solution for all signals, but it only transmits short distances and is difficult to route. Liberty offers state-of-the-art USB over IP and uniquely integrated USB3 extension and switching.

- Active learning
- Hybrid/Remote learning
- Study/Huddle rooms
- Video conferencing

REMOTE MONITORING AND REMEDIATION

Nearly 90% of higher education IT departments say they need new tools to support the wide range of technologies in increasing numbers of rooms and across campuses. Liberty offers a single, agnostic pane of glass to remotely monitor all IoT devices and remediate issues. Liberty CX is holistic, pre-emptive, and responsive. Maintain room uptime by addressing issues before instruction begins.

- AV
- IT
- UC
- Telephony

LIBERTY EDUCATION ADVANTAGE PROGRAM (LEAP)

LEAP is designed to support the needs of the education community. Universities, colleges, and integrators who are focused on education are eligible for the FREE program benefits and dedicated support.
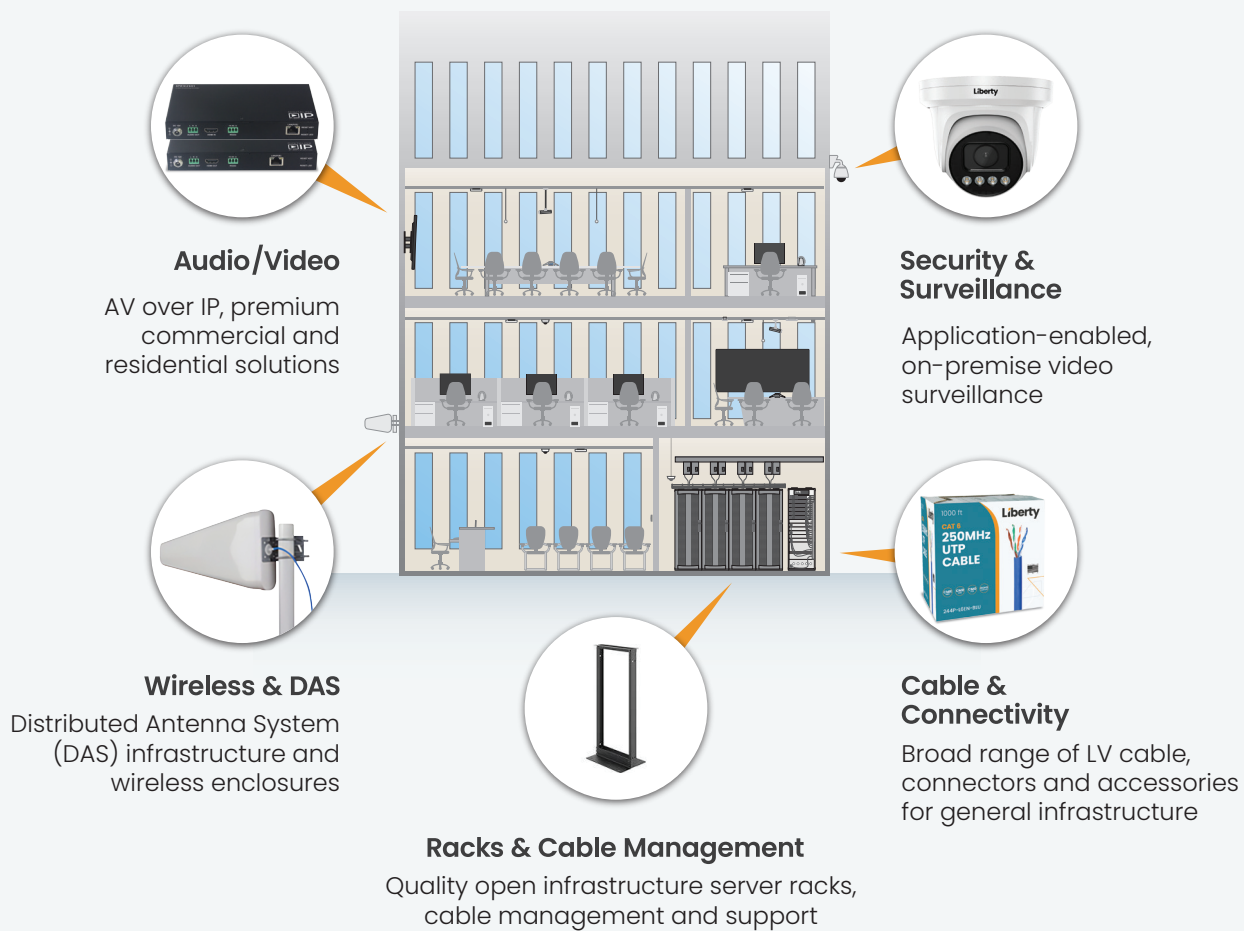

- 5-year warranty
- Custom room kits
- Free test drive
- Advanced replacement
- On-sight consigned inventory

A COMPLETE ECOSYSTEM OF INTEGRATED TECHNOLOGIES

Liberty offers a complete technology ecosystem of adaptable, advanced infrastructure systems and services for commercial, industrial, government and academic environments — all backed by the support of knowledgeable in-house, customer and technical service teams.

As technology's role in daily work and learning grows, Liberty helps ensure that all the connections that accompany them remain seamless and are ready to respond.

Audio/Video
AV over IP, premium commercial and residential solutions

Security & Surveillance
Application-enabled, on-premise video surveillance

Wireless & DAS
Distributed Antenna System (DAS) infrastructure and wireless enclosures

Cable & Connectivity
Broad range of LV cable, connectors and accessories for general infrastructure

Racks & Cable Management
Quality open infrastructure server racks, cable management and support
