

Turn any INFO SPACE™ into a SUPPORT SPACE™

Support so great, it's like they're right there with you.

Add live support via phone or video to your Info Space™ utilizing your team... or ours!

The ultimate support solution:

Transforms meeting rooms and huddle spaces into ultra-connected portals to provide help, information, and assistance. Information can be fully customized for any space. Designed also for remote work: Equip your team with a Support Space™ Code to scan, and anytime immediate assistance is needed, your remote staff can be in touch with a technical support team member.
